

# Your Safety at Castle Park

In everyone's interest, please read this article.

We hope we never have to invoke these procedures, but they are very necessary.

Arrive at the ground at least 30 minutes before our normal 2.30pm kick off time. This is to avoid congestion on Armthorpe Road and at the gates.

Obey any request made to you over the public address system or in person by the ground safety officer or one of the clubs matchday stewards.

Park where directed by the club's card park stewards.

When leaving the ground, turn left. If you need go through Armthorpe, turn left, go up to the roundabout and then come back. This will help clear traffic quicker and more safely after the game.

In the event of an emergency, do not panic.

Listen to the instruction given to you by the ground safety officer and obey them immediately.

Obey instruction given to you subsequently by the matchday steward.

Do not attempt to drive away unless asked to do so by the ground safety officer as any attempt to do so may inhibit speedy access for emergency services.

Proceed to the meeting point (see map) as follows:

Main Building, North Terrace:

- The pitch behind the main building (MP 1).

East Terrace, East stand:

- The fencing behind the East stand (MP 2).

West stand, South seating:

- The pitch behind the south seating (MP 3).
